

Franconian Open-Air Museum Fladungen

Discover and experience 350 years of history in Lower Franconia

Museum Shop

To round off your museum visit stop by our Museum Shop in the entrance building. There you will find a great variety of souvenirs to take home for your loved ones and for yourself, including fruit brandies and beer produced in the museum and seasonal fruit and vegetables from our museum gardens. If you are looking for a more permanent memory of your visit, you are welcome to browse our large selection of books, try out our various toys or get a piece of pottery to take home.

Opening times

Open from March/April to November

For further information check www.freilandmuseum-fladungen.de/en

Open daily from 9 am to 6 pm
Closed on Mondays in March/April, October and November (except on holidays)

Last admission is at 5 pm.

Free WiFi is available in the museum entrance area.

Museum map

Museum Restaurant "Zum Schwarzen Adler"

Take a break at the historical village inn next to the museum entrance, accessible also from outside the museum. While enjoying the traditional atmosphere in the art-nouveau-style dancing hall, the rustic dining rooms or the relaxing beer garden, you will be served typical Franconian food and drinks.

Farm Shop

The Farm Shop is the ideal place for local grocery shopping, catering for all tastes. Located just outside the museum it offers a unique selection of fresh local products from an association of farmers from the Rhön.

From a historical schoolhouse to a cooper's workshop, from a sheep farm to a community brewery – explore and visit more than 20 rural homes and buildings, mainly constructed in half-timbered style, resembling a typical Franconian village set in a beautiful landscape in the tri-border area of Bavaria, Hesse and Thuringia. Apart from a number of residential buildings with typically colourfully painted rooms and a large variety of non-residential buildings, which have all been preserved in their original form, our collection includes a wide range of furniture, farming tools and everyday objects that tell the story of a bygone era.

Move freely around our spacious family-friendly and dog-friendly museum area, shaped by farmland, pastures, orchard meadows and gardens, follow the little brooks, take a rest in our picnic area next to the pond or enjoy a break in the museum restaurant or cafeteria.

While taking a tour of the museum, keep an eye out for our traditional farm animals, which for the most part include old and endangered livestock breeds, grazing on the museum grounds.

In particular on weekends and during the summer holiday season, we offer a number of activities such as beer-brewing, bread-baking, open-air cinema presentations and historical school teaching. Take a look at our calendar for upcoming events.

Finally, don't miss visiting the old railway station outside the museum and take a ride on the historical steam train chugging through the beautiful landscape of the valley of the Streu river on selected weekends.

Join our historical journey to the past!

Accessibility

All the footpaths in the museum are mostly flat and wheelchair-accessible. Given the beautiful surrounding featuring historical buildings and animals grazing on the open meadows, the museum area itself is already a perfect place for recreation. Due to their historic nature, most of the buildings can only be accessed overcoming stairs or thresholds and space inside is limited. Individual buildings, however, such as the Cooper's Workshop and the Community Brewery, are accessible by wheelchair.

While we continue working on making the entire museum fully accessible to all visitors, tactile graphics and models for the visually impaired have already been installed in the Cooper's Workshop (25) and the Herb Garden (4).

Free audio tour of the Franconian Open-Air Museum Fladungen

Download the free Heronymus Audioguide App to listen to interesting background information and fascinating stories.

At the individual stops you can use your mobile device either to select the relevant chapter from the list in the app or to scan the QR code on the information board. The QR code scanner is integrated in the app. In total there are 32 audio tour stops, which are not in a specific order.
